## HOW TO COMMENT AND NEXT STEPS

- The information provided at this event will be published on the Space Hub Sutherland website ([www.spacehubsutherland.com](http://www.spacehubsutherland.com)).
- If you have any comments on the draft proposals, then please complete the feedback form. That can be done:
  - at the event
  - by posting or emailing a completed form to Aurora Planning Limited (contact details are on the form)
  - downloading a form from the Space Hub Sutherland website and returning it to Aurora Planning Limited
- All feedback received will be reviewed and considered – it is important to note that any comments made at this time are not representations to The Council and would not be considered as part of a future planning application.
- On 25 November 2019 we will return to carry out another event to outline how the project is progressing following a review of all the feedback received. That event will also include consultation on the Marine Licence. There will be another opportunity to make comments at that stage.
- By mid-December the planning application along with all associated documentation will be submitted to The Highland Council. A link to this information will also be provided on the Space Hub Sutherland website.
- All of the planning documentation will be available on The Council's website, as well as available for viewing in The Council's offices.
- Once the planning application has been submitted to The Highland Council (expected to be by the end of December 2019) there will be an opportunity to make representations on that application to The Council at that time.
