A combined 3.572 billion viewers – more than half of the global population aged four and over – tuned in to world football's ultimate competition, according to audience data for official broadcast coverage of the 2018 FIFA World Cup.

# FIFA eWorld Cup Grand Final Champions

Millions of players have tried to win the FIFA eWorld Cup™ since it was introduced in 2004, but only a handful have fulfilled their dream of clinching the title at the end of each season. In 2018 the new trophy was presented for the first time at the FIFA eWorld Cup.

> *The FIFA eWorld Cup Trophy*
> *Over 20 millions sold. Only 1 will lift the new trophy. It's time for the Grand Final of the FIFA eWorld Cup 2018.*
> *Posted by FIFA eWorld Cup on Wednesday, 1 August 2018*

## Facts:

- **Reigning champions:** Mohammed Harkous (Germany)
- **Champions since 2004:** 14 different champions from ten countries
- **Most successful countries:** England and France (with two first place and two second place finishes each)
- **Most successful player:** Bruce Grobbelaar (two titles and one second place finish)

| Year | Host city | Winner | Runner-up |
|---|---|---|---|
| 2004 | Zurich | Thiago Santos de Azevedo (Brazil) | Matija Bijelović (Serbia and Montenegro) |

**Allow users to select original sound in their client settings**

Allow users to select original sound during a meeting

**Select data center regions for meetings/webinars hosted by your account**

Include all data center regions to provide the best experience for participants joining from all regions. Opting out of data center regions may limit CRC, Dial-in, Call Me, and Invite by Phone options for participants joining from those regions.

**Waiting room**

When participants join a meeting, place them in a waiting room and require the host to admit them individually. Enabling the waiting room automatically disables the setting for allowing participants to join before host.

**Choose which participants to place in the waiting room:**

- (•) All participants
- ( ) Guest only

**Customize the title, logo, and description**

**Show a "Join from your browser" link**

Allow participants to bypass the Zoom application download process, and join a meeting directly from their browser. This is a workaround for participants who are unable to download, install, or run applications. Note that the meeting experience from the browser is limited

**Allow live streaming meetings**

- [x] Workplace by Facebook
- [x] YouTube
