

Routes to Finance

Declaration of cooperation on
advancing digitisation of cultural
heritage.

*Digital technologies have the potential
to improve the quality of life in rural
areas by tackling important economic,
social and environmental challenges,
and help to preserve Europe's rich
cultural heritage and make it accessible
to everyone. In view of this, it is
important that these developments are
inclusive.*

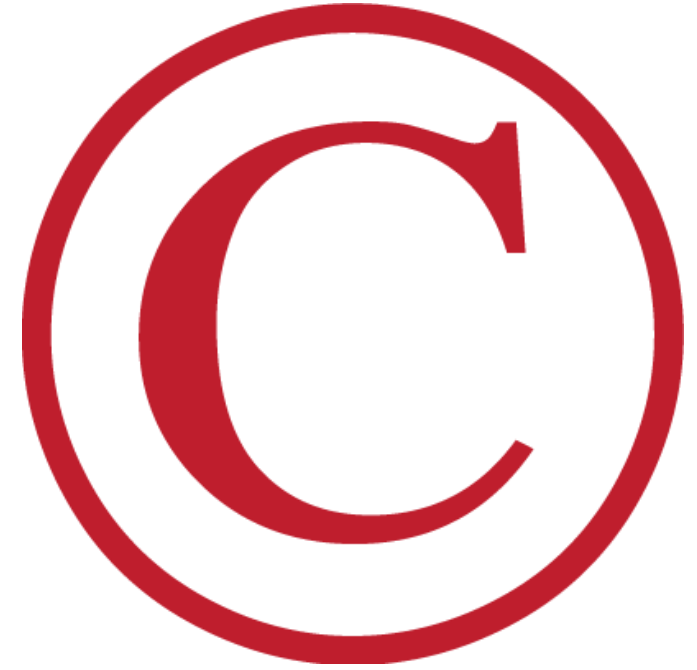

OPEN COVID PLEDGE

Protect rights of authors, artists and creators.

WIPO PROOF provides innovators and creators with secure evidence that a creation existed at a given point in time – and can be verified by anyone.

Museum in Fort William, Scotland

The West Highland Museum tells the story of the Scottish Highlands and the Islands. It aims to cover every aspect of West Highland history, including that of Fort William, where it is located in a listed building in the centre of the town. It also hosts other exhibits for archaeology and wildlife. [Wikipedia](#)

Smithsonian Open Access

Create. Imagine. Discover.

Transcripts

Welcome to Smithsonian Open Access, where you can download, share, and reuse millions of the Smithsonian's images — right now, without asking. With new platforms and tools, you now have access to more than 3 million 2D and 4D digital items from our collections — with many more to come. This includes images and data from across the Smithsonian's 19 museums, nine research centers, libraries, archives, and the National Zoo.

Museums and cultural organisations have been hit by the COVID-19 crisis, some of them significantly, by the loss in revenues. At the same time, the crisis has speeded up the digital transformation of the sector^[1]. On the there is a huge potential for innovation and experimentation using advanced technologies and for collaboration between the cultural, creative and technology sectors, in an inclusive way. Investing in digital technologies is essential for museums to innovate and to adapt to new circumstances.
