

# Highlands and Islands Enterprise Approvals List July 2024-December 2024

This approvals list for Highlands and Islands Enterprise provides details on financial assistance awarded to businesses, community groups, public sector partners and other organisations to deliver specific projects. The list also provides details on projects that are led and managed by HIE itself, sometimes in partnership with other organisations.

This approvals list is correct at 23<sup>rd</sup> January 2025 and any subsequent changes or amendments to projects since this date may not be reflected in this report.

Please note that under the UK's Subsidy Control regime requirements, HIE also reports all subsidy awards made through its *Economic Development Subsidy Scheme* and *Minimal Financial Assistance* that exceed £100,000 in subsidy value through the UK Subsidy Transparency Database. These are registered no later than three months after the date of award. Details can be found at the following link <https://searchforuksubsidies.beis.gov.uk>

Please note that the sums relate to approvals made within the period (or in a previous period which had been previously withheld for reasons of commercial sensitivity), not payments or subsidy. The approval simply shows that funds have been made available, but they will not be released until evidence is received which shows that the project or activity has gone ahead as planned. In addition, draw down of funds will be conditional on appropriate legal terms and conditions being agreed between HIE and the applicant and satisfaction of any pre-payment conditions.

## Appendix 1 - Other support awarded

This approvals list for Highlands and Islands Enterprise provides details on activity where HIE contracts with a third-party supplier to provide support and advice to businesses, community groups, public sector partners and other organisations. In these cases, although this support comes at a cost to HIE, the payment is not to the client, but to a third-party supplier.

Please note that the indicative costs relate to approvals, and not actual costs incurred. The approval simply shows that support/advice has been made available to a client. Activity will be conditional on appropriate legal terms and conditions being agreed between HIE and the applicant. Actual costs of this will not be known until such stage as the activity is completed.
