What is a museum?

“A museum is a non-profit, permanent institution in the service of society and its development, open to the public, which acquires, conserves, researches, communicates and exhibits the tangible and intangible heritage of humanity and its environment for the purposes of education, study and enjoyment.”

ICOM definition

What is a Virtual Museum

A virtual museum is a digital entity that draws on the characteristics of a museum, in order to complement, enhance, or augment the museum experience through personalization, interactivity and richness of content. Virtual museums can perform as the digital footprint of a physical museum, or can act independently, while maintaining the authoritative status as bestowed by [ICOM in its definition of a museum](#)

Europe's eating habits would be very different had explorer Christopher Columbus not set out to find a faster route from Spain to the Spice Islands of south-east Asia. This exhibition explores how the newly discovered edible plants not only enriched the cuisines of Europe, Asia and Africa, but also had a major impact on global culture, economics and politics.

Description: Just a quick intro as to why we migrated to Barbados due to post economic conditions in Guyana, again I was very young so I could only go off of what my mother told me as a child. All I know for sure is that she wouldn't have left Guyana unless it was essential to our well being and growth as individuals. She her self goes back from time to time but U have never been back since but I've already had plans to go back whenever I am able to because I heard its very beautiful indeed!

272	Länsstyrelsen Värmland	Värmland County Administrative Board (VCAB) is a regional authority and a link between people and local authorities, and the parliament and central authorities, covering issues and competences in the entire social span. VCAB has a regional EU department with the responsibility to support Värmland in transnational cooperation.	Sunday 14th of October 2018 11:02:33 AM	Thursday 28th of May 2020 09:29:07 AM	Edit
273	Region Värmland	Region Värmland has arranged and facilitated regional and international events to develop technological innovations, based upon virtual reality for example and other hybrid forms of storytelling. Our experience and expertise is an asset for the project, as we have knowledge of initiating and managing projects that benefit from both commercial, as well as cultural values, for entrepreneurs in the cultural sector. The region has a long tradition of business support and business innovation.	Sunday 14th of October 2018 11:05:42 AM	Thursday 28th of May 2020 09:23:40 AM	Edit
274	Sunne kommun	Sunne is a cultural hub with its regional Västana Teater, culture heritage foundation of Selma Lagerlöf, garden & sculpture park Rottneros and its experimental museum Alma Löf. Sunne is a wintersport resort for nordic and down hill skiing and in summer good for forest excursions, walking, mountain biking, fishing and swimming. A culture summer week gathers famous artist and authors for seminars and events. Students from the graphical vocational school are drivers in culture activities.	Sunday 14th of October 2018 11:09:12 AM	Thursday 28th of May 2020 09:26:48 AM	Edit
275	Rottneros Park Trädgård AB	Rottneros Park, from early 1900, is now long-term leased by a semi-public company, owned by Sunne municipality. The sculpture park - with a large area for flowers and trees covers 22 hectares - is open in summertime and has up to 40000 visitors. It is an experimental arena in a traditional environment for gardening, art and craft. Activities: annual flower exhibitions/ fairs, guided excursions with focus on sculpture & artists, special fairs about wildlife, hunting, food, craft or vintage cars.	Sunday 14th of October 2018 11:12:23 AM	Thursday 28th of May 2020 01:16:53 PM	Edit
276	Nome Kommune	The municipality has been working with commercialisation of culture businesses & cultural heritage. The project manager is experienced, specifically on culture. Nome has a tradition for hosting events, smaller activities and small festivals, has knowledge within the organisation as well a broad network that helps to lift events to a sustainable level. The municipality has good knowledge of the cultural heritage and the context of the events, and of potential business developers and start-ups.	Sunday 14th of October 2018 11:14:53 AM	Thursday 28th of May 2020 09:22:09 AM	Edit
277	Landkreis Wesermarsch	Wesermarsch with a tradition in cultural heritage (North Sea spirit as a typical coastal zone region) has a strong record of museums and local arts & crafts centers. Its traditional character is technical craftsmanship/construction knowledge, which still is the case with the presence of world leading companies in aircraft and ship building. The organisation works with the interface between culture and economics, how to use and to focus local competences increasing regional attractiveness.	Sunday 14th of October 2018 11:17:11 AM	Thursday 28th of May 2020 02:28:05 PM	Edit
278	Gemeente Middelburg	Middelburg is experienced in encouraging (young) people to start new companies, to stimulate cross-sectoral cooperation and explore new product and market combinations. The town works closely together with the Roosevelt University; both collaborate with the Erasmus University Rotterdam and the Association of City Management. Town, province, Scalda and Rabobank, started DOK 4, an incubator for innovative techno and creative start-ups. New entrepreneurs get guidance and coaching.	Sunday 14th of October 2018 11:20:05 AM	Thursday 28th of May 2020 09:18:17 AM	Edit
279	Gemeente Heuvelland	The municipality has experience of developing the area for a.o. tourism, often connected to WW 1. We try to push other values that promote the area, not the least to attract people to live and work here. We work closely with the annual folk music festival and other artist activities. Our mission is to market the municipality with a wide range of themes and work on projects that promote the rural silence, pristine nature and cultural heritage with roots in prehistory, in pottery and in art.	Sunday 14th of October 2018 12:42:42 PM	Thursday 28th of May 2020 09:13:05 AM	Edit
280	Vereniging zonder Winstoogmerk Festival Dranouter	VZW Festival Dranouter has a 44 year tradition of using culture and local heritage as a lever for economic activities in its own (rural) areas. As such we can contribute with experience related to the subject of research within the CUPIDO project. We have developed a broad range of activities over the years and can share experience (success and losses) that we gathered over the years. We have always worked on the borderline between business, culture and tourism.	Sunday 14th of October 2018 12:45:25 PM	Thursday 28th of May 2020 09:11:16 AM	Edit
281	Hogeschool West-Vlaanderen HOWEST	The university has been stimulating entrepreneurship and an entrepreneurial spirit, due to working for many years with students, teachers as well as researchers. Howest has therefore gained a vast knowledge in developing and supporting businesses in different sectors and fields of expertise.	Sunday 14th of October 2018 12:48:21 PM	Thursday 28th of May 2020 09:17:21 AM	Edit
282	Creative Foundation	The Creative Foundation is an arts charity, which has spent 15 years using creative activity to make Folkestone a better place to live, work, play, study and visit. By mobilising the incredible artistic resources already in the town and working hand in hand with the community, our partners and stakeholders, we have established 5 main projects: the Creative Quarter, Quarterhouse, Triennial, Book Festival and Folkestone Artworks, through which we are transforming the town and surrounding area.
