Welcome

Thank you for coming along to find out more about the plans to expand Wick Business Park. This is your chance to view the early proposals, ask questions and share your thoughts. If there's anything you'd like to know more about, just speak to one of the team.

About us

Highlands and Islands Enterprise (HIE) is the economic and community development agency for the Highlands and Islands. We work with communities and businesses to support growth, encourage innovation, create fair work and help deliver net zero goals.

Our vision

With Phase 1 of the business park nearly complete, we're now planning Phase 2 on land next to the existing business park. The development masterplan could bring up to 12,500m² of new development for business, industry, storage and distribution, and trade counter uses. The proposals also include new green space, improved access and flexibility for future growth.

The development will support **local economic growth**, helping businesses grow and creating job opportunities in Wick and Caithness.
